SAFETY DURING COVID-19

Only by working together can we keep our community safe!

If you have symptoms please contact the Seabird Nursing Team to request rapid tests:

Cheam Nursing Office 604-794-7171
Seabird Health 604-796-2177

If you test positive for COVID-19, you need to:

1. Self-isolate and manage your symptoms
2. Let your close contacts know
3. [Complete an online form to report your test result](#)

Safety recommendations:

- Keep personal gatherings as small as possible
- Stick to the same group of people and only with those you know are fully vaccinated
- Outdoor gatherings are safer than indoor
- Reduce social interactions
- Ensure proper ventilation indoors by opening windows
- Avoid all travel, if you're not fully vaccinated
- Follow the current federal travel advisory
- Stay home if you feel sick

Current Provincial Covid-19 Restrictions March 10, 2022

Starting March 11, 2022 these activities can return to normal:

- Masks no longer required in public indoor settings under a public health order
- Masks are encouraged on public transit and BC Ferries, but not required
- Individual businesses and event organizers can choose to continue requiring masks on their premises
- Masks are still required for federally regulated travel, like air travel
- No restrictions on worship service capacity
- Overnight camps for children and youth allowed

Starting March 18, 2022, there are no visitor limits at long-term care and seniors' assisted living facilities.

When K to 12 schools return from spring break, masks will no longer be required for students, staff, and visitors.

PROVINCIAL UPDATE SITE

April 8, 2022

Notice to Cheam Community Members:

The Council would like to express our deep concerns regarding a recent spike in complaints received regarding safety in the community. While we understand the frustration and feelings of these complaints, the Council is equally concerned about the impact this is having on the members of the community. The Council acknowledges the several complaints submitted over the years and apologizes for the lack of meaningful response to date.

Regarding **animal control**, the Council would like to take a moment to remind everyone that all animals on Cheam lands – including but not limited to poultry, small mammals, larger animals, dogs, and cats – are always the responsibility of their owners. The Council will be working with the SPCA on developing a memorandum of understanding (MOU). Additionally, the Council will be working with the Lands Committee to develop a Land Code law for animal control. These steps are to ensure the safety of all.

Regarding **noise complaints**, the Council would like to remind everyone to be respectful and keep noise to a minimum and encourage the community to work together to keep the community a safe and friendly environment. The Council will be looking into ways to enhance noise restrictions in the community with the Housing Policy and Land Code laws.

Regarding **underage youth drinking and drug use**, the Council has heard the sincere concerns and anxiety of our youth engaged in these activities and Members providing alcohol and drugs to underage youth. As a community, we will not tolerate an environment that allows underage drinking or drug use. The Council will not hesitate in taking appropriate action. If we hear of anyone involved with underage drinking or drug use, we will take strong action.

Regarding the **burning of garbage and toxic materials**, all members are reminded that all garbage and recyclable materials must be disposed of properly. Burning garbage and toxic materials creates a serious fire hazard and can be hazardous to our health and the environment. Weekly garbage pick-up is provided for the community to dispose of garbage and recyclable materials. All other materials are to be disposed of during the annual spring-clean up or disposed of at an appropriate facility. The burning of such materials is unacceptable and will be dealt with accordingly.

The Council would like to remind tenants that a breach of the Housing Policy and Tenancy Agreement could result in an eviction. The Council's preference is to take restorative justice approaches to rebuild respectful relationships. However, the Council acknowledges that some breaches of community safety require strong, appropriate action.

On a final note, we would like to thank the Members for their patience and cooperation as we work together to make the Cheam community a better place for all. We would like to encourage Members to join one of the many Council Committees that we have established to keep the community safe and work in the best interests of its members.

Respectfully,
Council

2022-23 Cheam Post-Secondary Application For Funding

Cheam First Nation seeks to improve access to post-secondary education so that our Youth can acquire the knowledge and skills needed to not only succeed but also to participate in a changing economy and society.

COUNCIL ADVISORY COMMITTEE PARTICIPATION STILL NEEDED

We are still in need of Member participation (living on or off Reserve) in each of the following:

- **Housing, Public Works and Capital Project's Committee**
- **Health, Social Development and Education**
- **Safe Community Committee**

The Committees serve as a Standing Advisory Committee to Chief and Council. We are looking for Members of all ages (19+) to participate in these Committees, and from the Minutes of the meetings, recommendations are provided to Council on your vision and direction for the Nation.

The Committees will be made up of a mix of Community members, staff, and one member of Council, in an ex-officio capacity. Meetings will be held monthly and arranged to accommodate the schedules of Committee members. Thanks to advances in technology, meetings can be in person, virtual, or a combination of the two.

Please submit your name, why you are interested in sitting on the committee, which one, and past work/volunteer experience to either Committee@cheamband.com or in person to Daphne.

Creating Healthy Lunches

Lunchbox Tips:

- Keep it simple and easy to eat but healthy and tasty.
- Eating Well with Canada's Food Guide - First Nations, Inuit and Metis (vegetables and fruit, grain products, milk and alternatives and meat and alternatives).
- Kids love to eat what they create. Let your child choose his or her lunch from a healthy list of choices.
- It is normal for a child's taste to change often. It can take many exposures to new foods before children learn to like them.
- Speed-up the process by cutting extra veggies when you're preparing dinner or by making extra at meals to use as 're-runs' for lunches the following day.
- On a cold day, pack a small thermos of soup, pasta, or other hot item.

Instead of Sandwiches

Build your own pizza with bannock or pita, tomato sauce, vegetables and grated cheese; Whole grain pancakes or waffles with fruit & yogurt; Falafel (chick peas) in a whole wheat pita, carrot sticks; Pasta salad, milk, small apple; a hard cooked egg, whole grain crackers, red pepper strips; a Burrito with salsa; Homemade, whole grain muffins, e.g., oatmeal carrot muffin and cottage cheese, cornmeal muffin with BBQ chicken or chili, Banana bran muffin with yogurt and veggie sticks. Eat traditional meats and wild game as often as possible!

Wrap or Pita Pocket Combos

(Mix one or more of the following with mustard, salsa, or other sauces/spreads)

Hard cooked egg, chopped cucumber, green onion; Chicken chunks with sliced seedless grapes; Turkey with grated carrot and shredded lettuce; Salmon or another cooked fish with red and green pepper slices; Chopped ham with pineapple; Hummus (bean dip) and vegetables; Shredded cheese, and sliced cucumber. Instead of a pita or a tortilla, try a "lettuce leaf" wrap with any of the above combos.

Traditional Food Treats

Fish, shellfish, moose or deer meat makes an excellent snack and provides a great meat and alternatives choice. You may also include berries, seaweed, various nuts and seeds but be sure to find out if your school has any food restrictions that must be followed as a result of food allergies to make sure it is safe.

Creating Healthy Lunches

Versatile Veggies & Fast Fresh Fruits

- Choose in-season produce when possible.
- Freeze summer fruits and berries to enjoy all year round.
- Pack a fruit smoothie in a thermos.

Offer a variety of different choices over the week such as: cauliflower, broccoli, baby corn, fresh sweet radishes, pepper strips (yellow, green, red, orange), turnip or zucchini sticks, beans, squash and corn, peas in a pod or snow pea pods, cherry tomatoes, melon pieces, cherries, berries, kiwi, pears, peaches.

Dunk a Lunch

Finger food and dunking are always fun! Here are some healthy choices: Bean dip like hummus, yogurt dip or another dip served with veggies and whole wheat pita bread cut into triangles; Fresh cut or canned fruit mixed with plain yogurt; Whole grain bread sticks with fresh tomato salsa and guacamole.

Last Night's Leftovers make a Tasty Lunch!

Not all lunches have to be hot – Leftovers can be sent cold, or hot, in a thermos

Leftover pizza; Chicken drumstick; Stew; Curry; Chili; Casserole; Stir fry; Perogies; Spaghetti and meatballs; Macaroni and cheese; Baked beans; Soup or Stew.

Little Extras: Non-food treats are special and long lasting...

A special napkin or straw; sticker, picture, a funny joke, poem or other note.

Pack a Safe Lunch

- Use clean kitchen tools to make lunches.
- Refrigerate lunches that are made ahead of time.
- Use an insulated bag with a freezer pack or chilled thermos to keep food cool. Chill milk or freeze drinking water or juice in plastic containers to keep food cool.
- Use a wide mouth thermos to keep hot food hot. Pre-heat the thermos with hot water before filling.
- Wash all vegetables well, even if the package says "pre-washed".
- Wash lunch containers every night and clean them with baking soda once a week to get rid of odours.
- Don't reuse plastic bags – they can hold bacteria.

British Columbia Aboriginal Network on Disability Society (BCANDS)

Jordan's Principle Provincial Service Coordinator

Jordan's Principle was developed in memory of Jordan River Anderson from Norway House Cree Nation in Manitoba. Jordan's Principle is a child first initiative that ensures children in First Nations communities find products, services or support they need.

Some supports covered by Jordan's Principle are:

Health:

- Medical supplies & equipment
- Mobility Aids
- Therapeutic services for individuals or groups (speech therapy, physiotherapy, occupational therapy)

Social:

- Social worker
- Land-based activities
- Respite care (individual or group)

Education:

- School Supplies
- Tutoring services
- Teaching assistants

The BCANDS Jordan's Principle Service Coordinator serves the entire province of British Columbia and is available to support First Nation children/youth and their families/caregivers in identifying and accessing services for their holistic needs. We encourage you to contact us should you have any questions, need assistance accessing health, social and education supports including Jordan's Principle funding, or have any other inquiries about the program.

Pathway to Treatment

You've chosen to seek treatment...now what? The steps below can be taken with the support of a medical professional or referral worker. If you're not sure who to work with, we can help with that too! Check out the back page for more resources.

FRASER SALISH REGION
First Nations Health Authority

1 Connect with a medical professional

This could be your family physician, counsellor, community health lead, or the FNHA Doctor of the Day. They will work with you to complete the following steps. Or, call Fraser Health's SUSAT service (1-866-624-6478) to connect to a clinician who can help you complete a referral application to treatment or detox.

2 Choose the avenue of treatment that is right for you

When you are looking for treatment, there are things to consider. Do you want treatment rooted in culture? is it important for you to remain in the Lower Mainland?

First Nations Treatment Centres

The foundation of these centres are built through a cultural lens which is embedded into the centre's programming. Cultural supports, such as an Elder, are on site whenever needed.

Fully funded by the FNHA

Can have longer waitlists

Located throughout BC

[FNHA Treatment Centres in BC](#)

Provincial/Public Funded Centres

These centres make efforts to incorporate cultural elements such as weekly smudging/brushing, but may not have culture embedded directly into the programming.

For funding options talk to your referral worker or medical professional

Various locations with options in the Lower Mainland
Provide specialized care for co-existing mental health conditions.

3 Complete and submit applications

Choose multiple centres and work with your referral worker/medical professional to submit applications to all of them. This will help with waitlists that you are likely to encounter.

4 Focus on wellness

Reach out to loved ones for support.

Connect with your community's mental health team, addictions worker, or traditional wellness worker/team.

Consider talking with a counsellor while you wait.

Build a safety plan: talk to a friend/family member about whether you can reach out to them during this process. You can also talk to a friend, neighbour, or health director/lead about going to them if you feel unsafe. Work with your referral worker/medical professional to choose some coping strategies.

CHEAM DUDES CLUB

Join the brotherhood to support men's mental health and wellness by becoming a part of Cheam's Dudes Club.

What is Dudes Club?

Dudes Club is a safe space for men to come together in brotherhood to talk about guy stuff. Based on Indigenous teachings, Dudes Club uses trained facilitators, cultural activities and community building to make it easier for men to talk about what's bothering them and work towards overall wellness.

With the help of Elders, we will learn culture and traditions- and just how to be DUDES. All we ask of you is to bring an open mind and leave your armour at the door.

Dudes Club is open to all men (including those who identify as men) in the Community and will run Thursdays from 4-6 pm starting in September; the exact location is to be determined. If you're interested in being a part of this men's group or want more information, contact our Wellness Advocate, Ray at ray.hartt@cheamband.com or 604-991-9610.

DUDES CLUB CORE VALUES

Relationships

We prioritize work together that begins with, and builds towards, strong relationships, with: Self, Peers, Family, Community, Elders, and the Land.

Journey

We recognize that to be effective and sustainable in the long term, this must be patient, and sometimes slow, work. The concept of 'Seven Generations' also reminds us to think beyond immediate needs, and that healing is a process that happens over time, not a quick fix.

Sanctuary

Our work depends on trust, and happens within a context of non-judgmental, inclusive, compassionate, respectful, culturally safe spaces.

Brotherhood

We recognize that reclaiming, redefining, and decolonizing ideas of what it is to be a 'man' is essential, and that this is a process that men must undertake to support each other. Healthy, authentic, humble, courageous masculinities are core to our work.

Two-Eyed Seeing

To move forward in a good way towards men's wellness we must balance the strengths of both Indigenous and western ways of knowing, ensuring our clubs are places of Cultural Safety, where Dudes can reconnect to their heritage and family, through storytelling and sharing. "In a good way", whereby the work undertaken is a sacred endeavor, connected to ceremony and ancestral wisdom, and contributes to healing.

TRAINING OPPORTUNITIES

2023 Indigenous Community Coach Apprenticeship Program

Today, the Aboriginal Sport Circle is pleased to officially launch the General Interest form for the 2023 Indigenous Community Coach Apprenticeship Program. This form will stay open until April 21, 2022.

The Aboriginal Sports Circle (ASC), NAIG Host Society, NAIG Council, the Coaching Association of Canada (CAC), Provincial/Territorial Aboriginal Sports Bodies (PTASB) strongly believe that coaching apprenticeship programs are an essential part of the development of a coach. Furthermore, apprenticeship programs can be used to attract and support underrepresented populations in coaching, such as female and Aboriginal coaches. The program provides up to two Aboriginal coaches from each Province and Territory the opportunity to develop their coaching skills through to the delivery of the NAIG.

Application Form

NAIG ICCAP

ASC and NAIG 2023 are excited to announce the launch of NAIG ICCAP. Intake is open from March 21 until April 21.

If you're interested in building your coaching experience and working towards an apprentice role at NAIG 2023, please fill the general interest form by April 21.

Indigenous Community Planning

A MASTERS CONCENTRATION AT UBC'S
SCHOOL OF COMMUNITY AND REGIONAL PLANNING

Use of photo approved by Musqueam Indian Band (Courtesy of Lara Therrien Boulos)

Applications are open
November 01 – January 15!

*DESIGNED AND DELIVERED IN PARTNERSHIP WITH
MUSQUEAM INDIAN BAND.*

WHAT IS INDIGENOUS COMMUNITY PLANNING?

Indigenous Community Planning (ICP) is a concentration in SCARP's 2-year Masters of Community and Regional Planning (MCRP) program, which is accredited by planning institutions in both Canada and the USA.

ICP has been designated a Noteworthy Practice by the Planning Accreditation Board.

WHY ICP IS IMPORTANT

Planners specialize in identifying, assessing, and implementing solutions to today's community problems. Indigenous Community Planning trains a new generation of planners to break with the colonial legacy and culture of planning, to work in respectful partnership with Indigenous communities, centered on their priorities.

ICP attracts Indigenous and non-Indigenous students from a range of academic and professional backgrounds. We accept 10 students each year.

HOW ICP WORKS

The ICP Concentration:

- ✓ Teaches a blend of Indigenous Knowledge and Indigenous Planning with contemporary planning methods
- ✓ Offers education grounded in on-reserve learning, community experience, and knowledge sharing
- ✓ Immerses students in an 8-month practicum in a host First Nations community, supporting their own comprehensive community planning process.

JOIN US IF YOU SUPPORT THIS VISION!

The path to reconciliation starts with a people's right to plan their own future and live according to their values. Communities with ICP-supported plans are clear on their priorities and are prepared to move forward with partners towards common ground.

If this vision calls to you,
join the next generation of Indigenous Community Planners!
