Band Office Department Updates - Funding/Governance

The Funding and Governance department works with and takes direction from the Council and various departments to identify programs, projects and/or services that require funding or are experiencing gaps in funding. Over the past few years, this department has been successful in receiving funding to support the Nation by way of food security, summer educational programing, cultural programing, capital projects, covid and emergency management, education and training, capacity, and strategic planning. In addition to funding, the department stands up and supports the work of the Committees, Class Action Lawsuits, Community Engagement, Emergency Management, reviewing policies and procedures and working with the Community through engagement to develop a Custom Election code and to update the Comprehensive Community Plan.

Successful grants most recently received include:

- Cheam Beach Road and Grand Chief Hielamacha building repair
- Cheam Beach Restoration and Bank Stabilization
- Longhouse addition of washrooms and kitchen
- Strategic planning and Custom Election Code development
- Food Security – Community garden, food hampers, gift cards
- Education and Training funds to provide summer youth trips, cultural and language nights
- Emergency support: Air Conditioners, Shelter roof repair and generator
- Traditional healing, Indigenous Day and mental health supports
- Residential School Memorial
- Early Years culture, language, staff support and training
- Capacity funding for employment and services
- Cemetery grave marker restoration

Attention to all Cheam Band & Community members

Starting immediately bullying and harassment will not be tolerated at any event, community engagement/forum, in the office, or in the course of staff doing their duties.

- It will be met with a reminder that it will not be tolerated, and members/community will be asked to leave the office/event until they are ready to conduct themselves accordingly.
- We accept all complaints/concerns and comments as long as they are done in a respectful, mature reasonable manner with positive solution-based communications.
- We will report all harassment from any and all members moving forward, and harassment will follow a disciplinary protocol of warnings, suspension of services, and banishment from the use of facilities.
- Administration and Council will not tolerate or accept any abuse, harassment, or defamatory remarks, they will be sent to legal counsel for documentation and will be acted on when necessary.
- We hire cooks for events so MEMBERS CAN ENGAGE, not so staff/community members can be abused.
- Otherwise, Administration and Council are willing to hear all concerns, comments, and complaints, as long as the people it is directed at or about is respectful. We expect members to be mature enough to use their voices in a positive manner. Toxic negative behaviours will not serve them, and the RCMP will escort them out.
- In the event of a restriction against them, it will prevent catering or other contracts within Cheam until we can be sure that they will be respectful and work well with others.

**Respectfully from,
Annie Silver, Council and CAO.**

INVITATION TO PARTICIPATE ~ February 13, 2023 @ 5:30pm

The Ministry of Transportation and Infrastructure would like community feedback before doing the planning and budgeting for the Highway 9 Corridor improvements. It is crucial that they know the impact and safety issues Cheam Members have travelling/walking the bridge and highway between Hwy 1 and Harrison Hot Springs.

We are trying to encourage a new standard for consultation and engagement with Cheam Members so your participation is greatly appreciated.

Dinner will be at 5:30pm in the Cheam gymnasium with any presentations and feedback gathering to follow. Please RSVP to Luana at councilxecassist@cheamband.com, or by calling the band office. This meeting is open to Cheam Community & Band Members only.

CALL FOR EXPRESSION OF INTEREST ~ CHEAM FIRST NATION TRUSTEE

January 20, 2023 - Currently, the Council is looking to appoint two trustees through this expression of interest. One will be appointed for a three-year term and the other a two-year term.

- Our culture and spiritual teachings are fundamental to our well-being. The best way to preserve our traditions and culture is to practice them in everyday life.
- We reaffirm, assert, and exercise our inherent rights and powers to govern ourselves, our land and our resources.

CHEAM ELDERS CORNER

What does it mean to be an Elder?

1. One common trait among Indigenous Elders is a deep spirituality that influences every aspect of their lives and teachings. They strive to show by example - by living their lives according to deeply ingrained principles, values and teachings.
2. Elders are recognized because they have earned the respect of their community through wisdom, harmony and balance of their actions in their teachings. In First Nation Elder vs Senior, we take a closer look at the importance of effective communication.
3. Elders try to instill in their community members such as respect for the natural world and that the earth is their mother. Indigenous Elders are deeply committed to sharing their knowledge, providing guidance, teaching others to respect the natural world, to learn to listen and feel the rhythms of the elements and seasons.
4. Able to teach and correct behavior with kindness and respect without humiliating the individual;
5. Treats his or her family, spouse, children, parents, Elders and other traditional healers in a respectful and caring manner [all people];
6. Is a positive role model for Aboriginal people;
7. Genuine Elders never have to self-identify themselves as an Elder or say that they are.

FREE SOMATIC TRAUMA THERAPY FOR CHEAM MEMBERS

What is it good for?

People find it relieving for anxiety, depression, other uncomfortable feelings, even physical ones.

The goal of somatic trauma therapy is to drain some of the weight of the past in a safe way. We end up feeling lighter spiritually, physically, and emotionally. Somatic trauma therapy will be run in groups of 4 people, meeting weekly, for 12 weeks. Consider how committing to this program would affect other parts of life. Intake is ongoing.

In small groups we learn to focus on the experience of the body using:

- Body focused grounding tools
- Present moment awareness
- Some learning about how emotions help with somatic therapy
- The last portion of the meeting is somatic trauma therapy. People are guided through the process of giving control of their body over to their body. There can be some shaking, or crying, or other involuntary movement or sounds. This is part of the body's instinctive process of resolving being traumatized. We aim to keep it as safe, and gentle as needed.

Information sessions are one on one with Winchester Victor. They can be booked with Diana Giroux (604)-794-7927 or Winchester: winchester.victor39@gmail.com

"Being cut off from our own natural self-compassion is one of the greatest impairments we can suffer. Along with our ability to feel our own pain go our best hopes for healing, dignity and love."
